Recreation Hotline for Rinks - 651-366-6210

The Parks and Recreation Dept. offers an information hotline on all closings of shelters and rinks during the winter months. Sites may be closed and programs cancelled if any of the following weather and ice conditions occur:

- \* The temperature is -10 degrees or colder
- \* The wind-chill index is -15 degrees or colder
- \* Two or more inches of snow have fallen and the rinks have not been cleared.
- \* Warm temperatures soften the ice, making it unsafe
